

Urinal Domino Sensor, automatic flushing

Fixing kit: **Included**
 Inlet diameter (mm): **40**
 Minimum flushing quantity (l): **1**
 Power supply (V): **24**
 Remote control type: **Infrared**
 Water inlet position: **Back horizontal**

Colours and options

- H8411010000001 White
- H8411010004871 White/with infrared sensor 24 V, Sanela
- H8411010004881 White/with infrared sensor 9 V, Sanela

Dimensions

Length: 430 mm.
 Width: 315 mm.
 Height: 665 mm.

Compatible with

H890730 Siphon
 H895091 Power supply 24 V, DC for Golem, Livo a Domino urinals
 H895071 Power supply 24V DC for max. 5 sensor batteries

H895072 Power supply 24V DC for up to 9 sensors
 44J601 Urinal partition, incl. installation kit
 H847601 Urinal division, with installation kit

JIKA offers ceramic solutions geared towards the needs of businesses. One of them is the Domino Sensor urinal, which we offer with a 24V infrared sensor (batch 487) or a battery supply (batch 488). It is necessary to order a power supply for the urinal, which we offer for installation of 1-5 and 6-9 urinals. Other benefits include Antibak - glazed inner circuit and toilet waste, which prevents dirt from adhering, and Rimless - toilet design without dust ring. We provide an extended 10-year warranty on the urinal. Assembly instructions can be found in the download documents. We recommend using a concealed module for urinals.
